

Translated from Love

Stephen Yerkey

Theres no admittance beyond this point
Unless you're gonna [incomprehensible]
And get it translated from loveAnd if goes off the seismograph
 You have to control the aftermath
 And get it translated from loveTranslated, translated
 Translated from loveIt couldve been [Incomprehensible]
 Or I can make it out on my own
And get it translated from loveNow its frightenin just to think of it
 But the most important thing it did
Was get it translated from loveTranslated, translated
 Translated from love
