

# The King of Rock and Roll

[Daniel Lioneye](#)

He's the king of rock n' roll  
Hot nights summer in the city  
Just about to smoke and burn  
Look out he's evil but he's pretty  
And oh he's gonna twist and turn  
He's got the midnight madness  
He's got control  
He's the king of rock n' roll  
Bad blood everybody knows it  
But everybody doesn't care  
He's got the only way to show it  
They want to see it everywhere  
He's got to give you fever  
He'll scratch your soul  
He's the king of rock n' roll  
The king of rock n' roll  
Bad boy always on the cover  
Gettin' the story told  
Fast fast one way or another  
'Cause he'll never never never never never get old  
He makes a special magic  
And you've got control  
You're the king of rock n' roll  
He's got the midnight madness  
He's got a soul  
'Cause he's the king of rock n' roll  
King of rock n' roll  
Rock n' roll  
Rock n' roll  
The king of rock n' roll yeah
