

I Worship You

Big Tent Revival

Lord I worship You, Lord I worship You
And all You are and all You do, Lord I worship You
Lord I sing Your praise, Lord I sing Your praise
You're wonderful in all Your ways, yeah, Lord I sing Your praise I will lift my voice, with my hands up to the
sky
And the world will know, the one they crucified
He is risen and alive, He is risen and alive, I worship You Lord You shed Your blood, Lord You shed Your blood
The awesome sacrifice of love, Lord You shed Your blood I will lift my voice, with my hands up to the sky
And the world will know, the one they crucified
He is risen and alive, He is risen and alive, I worship You Holy God, Holy God, Lord we worship You
Holy God, Holy God, Lord we worship You And I will lift my voice, with my hands up to the sky
And the world will know, the one they crucified
He is risen and alive, He is risen and alive
So I lay down my life and worship You, and worship You
Lord I worship You, I worship You
