

# Peacekeeper

## Bear Hands

You won't find any fingerprints

(On the gun X2)

Damn right I'm the one who did it

( I'm the one X2)

And if you're wanting to find a witness, well the whole city is complicit, and they won't for a second miss it

( On the run X3 )I want the scholars to see me as i see myself

I want the world to agree not to single me out

I hear the message of peace betrayed by your mouth

I tried to settle the beat but its too late nowSlip by you in the breeze

( Then I'm free X2)

Nobody gonna touch me

(Too clean X2 )

And if you find that imma listen,

to the words of my victims,

after all that I did to them, no way, no need, no reasonI want the scholars to see me as i see myself

I want the world to agree not to single me out

I hear the message of peace betrayed by my mouth

I tried to settle the beat but I don't know how
