

# What Do They Know?

## Mindless Self Indulgence

Advisory - the following lyrics contain explicit language:

Beat me up  
Beat me down  
Mess me up beyond the recognition  
For what it's worth, I'll do it again  
With no consequence i will do it again  
Caught up, so hunt me down (down down)  
Jump the gun, bust a cap in the groundyo yo yo word,  
like tendencies never return  
received like a big fat jerk  
a big seller but not absurd  
Cuz you know that's what I heard  
Thinking thoughts that's most impure  
So every thing's splendid, sure  
im just that stupid jerkon the fence  
the consequence  
What do they know know about that?on the track  
ahead of the pack  
What do they know about thatim quite impressed  
im quite a messBeat me up  
Beat me down  
Mess me up beyond the recognition  
For what it's worth, I'll do it again  
With no consequence i will do it again  
Caught up, so hunt me down (down down)  
Jump the gun, bust a cap in the groundyo yo yo word,

Cuz you know that's what I heard  
Thinking thoughts that's most impure  
So every thing's splendid, sure

the consequence  
What do they know know about that?on the track  
ahead of the pack  
What do they know about thatim quite impressed  
im quite a messHey, someone to stab in the back  
Hey, someone to fall through the crack  
Hey, someone to punch in the face  
Hey, someone to fall through the crackWritten all over my face  
Written all over my face  
Written all over my face  
Written all over my face  
Written all over my face  
Written all over my face  
Written all over my face  
Written all over my faceJump the gun bust a cap hit the groundyo yo yo, word  
My tendency's never returned  
Received like a big fat jerk  
a big seller but not absurd  
Cuz you know that's what I heard  
Thinking thoughts that's most impure  
So every thing's splendid, sure

What do they know  
About thatOn the track  
Ahead in the back  
What do they know  
About thatI'm quite impressed  
I'm quite a mess
