Limitless

Colton Dixon

Too young, too old
Too shy, too bold
Too average
To make a difference
The world's too big
And you're too small
If you try to fly
You're gonna fall
They're shouting
But we won't listenWe are limitless, limitless
Limitless, limitless
The power of love
Alive in us
Is limitless, limitless
Unstoppable and nothing less
No nothing can hold us down
We're limitlessNo more impossible
So much far too difficult
We know that our God is greater
Oh wake up you dreamers
Become make-believers
This is who we areWe are limitless, limitless
Limitless, limitless
The power of love
Alive in us
Is limitless, limitless
Unstoppable and nothing less
No nothing can hold us down
We are limitlessTake away the limitations
When we fix our eyes on You
Flood our hearts with expectations
Lord, there's nothing You can't doDoubt sees a mountain, no way around it
Faith sees a victory, no doubt about it
Fear sees a ceiling, hope sees the stars
Love be the light inside of our hearts
[x2]We are limitless, limitless
Limitless, limitless
The power of love
Alive in us

Is limitless, limitless
Unstoppable and nothing less
No nothing can hold us down
Cause we are limitlessDoubt sees a mountain, no way around it
Faith sees a victory, no doubt about it
Fear sees a ceiling, hope sees the stars
Love be the light inside of our hearts
(We are limitless)Doubt sees a mountain, no way around it
Faith sees a victory, no doubt about it
Fear sees a ceiling, hope sees the stars
We're limitless
Cause You're limitless
