Loego
Me say, me say
Gyaldem
Mandem
I said pull up, pull up

Uh, look you know my kick game crazy blud
Cost five pair of tens when I lace em up
i just wanna chase me some rum and fruit punch
But couple bruddas on me, money gotta chase em up
Ey, you know that paper comes first
If you ever been broke then you know that shit hurts,
I just wanna sip a juice with the mandem (mandem)
only good vibes we gon tell them

Me say, me say,
Gangster for life oh
Gyaldem wine up your waist slow
Mandem, money haffi make oh
I said pull up, pull up
Pull up, pull up

Gangster for life oh
Gyaldem wine up your waist slow
Mandem, money haffi make oh
I said pull up, pull up
Pull up, pull up

Uh, look she love it when I pull up
Love it when I give it to her
I give it till she full up
i aint gotta ask, big plate for me
cook up
Pretty like her muda
But stubborn like her poppa
Hella buff friends so I dons get a hook up
Rate in my cup and ambi in my sush up
Like the fact i make good music and now im push up
Fling it on the surface, beat it right next to the cooker
ah she mad freaky on the low

sipping on some wine while she's whining at my shows
Swag stay ton up plus shes triple like the bros
never catch her on the gram doin loads
said she prayed for me everytime i do road
Wishing i would stop, but i dont really know
wishing i would stop, but girl im on a roll
gangster for life you know how the ting go

Me say, me say,
Gangster for life oh
Gyaldem wine up your waist slow
Mandem, money haffi make oh
I said pull up, pull up
Pull up, pull up

Gangster for life oh
Gyaldem wine up your waist slow
Mandem, money haffi make oh
I said pull up, pull up
Pull up, pull up

We shutting it down
the gyaldem whine up
we shutting it down
A ting them turn up
We shutting it down
the gyaldem whine
we shutting it down
a ting they

me say me say
gangster for life
Gyaldem

money haffi make

I said pull up pull up
