Check, 1 2, yo, youre tuned in to Koffee Brown  
This time we takin it to the clubs, uh-oh, thats right  
First it was Naughty, then it was Next, now its CB  
What, uh, come onIts Friday, weekday, leavin work early  
Hop in the whip with the flip, get my girl  
Its hair shop, facial, nails filled, toes done  
Cause its on at the clubIts Saturday, dont stop, just left the barber shop  
Fresh fade, geared up, just got my car washed  
Music up, windows down, rims on, bling-bling  
Its a weekend thingWorkin on stress, hopped in the jeep yes  
Light up, take two to the chest  
Tired of the wheels, tripped out bosses  
Talkin threats, but I could care lessI just wanna let my hair done  
Puff-puff, I think Im there nowIts Friday, weekday, leavin work early  
Hop in the whip with the flip, get my girl  
Its hair shop, facial, nails filled, toes done

SOS for the road, Gerbrauds creased to the floor  
No mo sweets to flow on the sto like a dro  
And I know you got them switches, give me mo of them to goSeated in the barber shop, press playin with it  
tapered in  
Paper thin mustache trimmed and my weekend begin  
Gimme plenty of Remy with a double shot of Henney

No taste, look at my face, Im feelin as good as any
