

# Meant To Be

## Rebelution

I can see the sun come up  
Time to get away from here  
Time to make a new plan up again  
Water never felt this good  
Air it never felt so pure  
It's time to make a new plan up again Well it was true when I said it  
I'd rather forget it  
Well the past don't matter now  
You think I owe you, but I gotta go  
You see the past don't matter now And it feels like life is taking over  
It feels like it's meant to be  
And it feels like life is taking over  
It feels like it's meant to be 'Cause I can see the sun rise on my way  
I can see the road rise to meet me  
I can feel the earth underneath my feet  
And I can see the stars on top of me  
And I say don't ever come down, come down  
I need your light now, right now  
Don't ever come down, come down  
I need your light now, right now Now that I have come so far  
I'm never looking back, no  
It's time to make a new plan up again  
Things have never looked so clear  
I'm never looking back, no  
Time to make a new plan up again 'Cause I can see the sun rise on my way  
I can see the road rise to meet me  
I can feel the earth underneath my feet  
And I can see the stars on top of me  
And I say don't ever come down, come down  
I need your light now, right now  
Don't ever come down, come down  
I need your light now, right now And it feels like life is taking over  
It feels like it's meant to be  
And it feels like life is taking over  
It feels like it's meant to be Well it was true when I said it  
I'd rather forget it  
Well the past don't matter now  
You think I owe you, but I gotta go  
You see the past don't matter now And it feels like life is taking over

It feels like it's meant to be  
And it feels like life is taking over  
It feels like it's meant to be
