

Nightside Of Eden

White Willow

A paradise lost
Eden to regain
To illuminate
Dark side of the brain On the nightside of Eden
Await the wisdoms Nemesis
Nightside of Eden
Nightside of Eden To be the Exodus of our Genesis
Nightside of Eden
Nightside of Eden Serpent is curling
Across your soul
Through tunnel of set
With Sitra Ahra as goal On the nightside of Eden
Await the wisdoms Nemesis
Nightside of Eden
Nightside of Eden To be the Exodus of our Genesis
Nightside of Eden
Nightside of Eden The shadow of death
From the tree of life
Hides the phantoms from
From Heavens strife On the nightside of Eden
Await the wisdoms Nemesis
Nightside of Eden
Nightside of Eden To be the Exodus of our Genesis
Nightside of Eden
Nightside of Eden
