

# The Truth Is In The Dirt

Karen Elson

The truth is in the dirt on the ground  
The truth is in the dirt on the ground  
Not in your gilded cage with your rusted spoon  
When the ground splits open it will swallow you

The truth is in the dirt on the ground  
The truth is in the dirt on the ground  
Not in your poison tongue or your acid tears  
Let the truth howl in your ear

(Here she comes it killin time  
Flames are burnin  
Behind her eyes)-(x2)

The truth is in the dirt on the ground  
The truth is in the dirt on the ground  
Not in your your close drawn out scratched till it bleeds  
Knocked down dead gets what she needs

The truth is in the dirt on the ground  
The truth is in the dirt on the ground  
Not on a blazing  
From the midnight sun  
The fire will turn your bones to dust

(Here she comes its killin time  
Flames are burnin  
Behind her eyes)-(x2)

The truth is in the dirt on the ground  
The truth is in the dirt on the ground  
Not in your gilded cage  
with your rusted spoon  
When the ground splits open it will swallow you
