

# Caveman

## Big Block Singsong

My name is Dave  
I live in a cave  
Everything is good, as it should be  
In a pre-historical neighborhood

Here is my cave, what a great location  
Check out my dirty decoration  
There's a kitchen, a bedroom,  
A bathroom with a shower,  
The floor is made of dirt, so it always grows flowers.

So cool live on the rocks,  
I don't need to dress up,  
I don't even wear socks.

There's peace and quiet,  
And not a lot of stress,  
Except for that volcano!  
Now that's a hot mess.

My name is Dave  
I live in a cave  
Everything is good, as it should be  
In a pre-historical neighborhood.

There's the woolly mammoth with the sensitive tunk.  
With a nose like that she's not crazy about skunks.

Here's my stick, I'm keeping it as a pet,  
Is the safest pet that I've found yet,  
Not like my sable thoot tiger, who likes to play chase,  
I think he is curious about the way that I taste.

I'm Dave  
(This is Dave)  
I live in a cave  
(Live in a cave)  
Everything is good, as it should be  
In a pre-historical neighborhood

So much to do, like pile up my rocks,  
Take an afternoon nature walk,  
Discover fire for cooking in the kitchen,  
Or work on my book, is a historical fiction.

I build a fast looking car, it's a pretty big deal.  
If a could only figure out how to invent the wheels.  
Ah, I can't know it all, but al least I'm not a neanderthal. Sorry.

What am I? I'm glad that you asked,  
I'm from thousands and thousands of years in the past.  
I'm the one that they all call paeleolithic.  
I'm caveman, Daveman, I'm terrific.

I'm Dave  
(This is Dave)  
I live in a cave  
(Live in a cave)  
Everything is good, as it should be  
In a pre-historical neighborhood.

I'm Dave!
