Little Girls

Matt Kivel

I kill, kill, kill little girls
I kill, kill, kill little girls
It's such a thrill, thrill, thrill to the world
When I kill, kill, kill little girlsDon't you come near me
Don't you come close to me
Why don't you fear me?
Don't dance so close to meDon't you come near me
Don't you come close to me
Because they won't let me stop nowI hate, hate, hate what you are
(You're so pretty when you fly right by)
I hate, hate, hate what you are
(I want to flush out your family line)'Cuz I'm the punk rock, punk rock star
(You're everything I despise)
I hate, hate, hate what you areDon't you come near me
Don't you come close to me
Why don't you fear me?
Don't dance so close to meDon't you come near me
Don't you come close to me
Because they won't let me stop now
Because I won't stop, can't stop nowThe last 12 hours of my day
But it's okay
Just black it outEvil things in my pants
Forever fearing contact
Woah, yeahWoah, now, I know
Why I wanna be left alone
Last 12 hours of my day
But it's okay
Just black it outI'm a psycho, woah
I'm a psycho, woahDon't you come near me
(I'm a psycho)
Don't come close to me
(Whoa)Why don't you fear me?
(I'm a psycho)
Don't dance so close to me
(Whoa)Because they won't let me stop now
Because I won't stop, can't stop now
Because they won't let me stop now, no
