

Losing your Memory

[Ryan Star](#)

You're losing your memory now
You're losing your memory now
You're losing your memory now
You're losing your memory, now Call all your friends
And tell them you're never coming back
Cause this is the end
Pretend that you want it
Don't react
The damage is done
The police are coming too slow now
I would have died
I would have loved you all my life You're losing your memory now
You're losing your memory now
You're losing your memory now
You're losing your memory, now Where have you gone,
The beach is so cold in winter here
And where have I gone,
I wake in Montauk with you near
Remember the day
Cause this is what dreams should always be
I just want to stay
I just want to keep this dream in me You're losing your memory now
You're losing your memory now
You're losing your memory now
You're losing your memory Wake up, it's time, little girl, wake up
All the best of what we've done is yet to come
Wake up, it's time, little girl, wake up
Just remember who I am in the morning You're losing your memory now
You're losing your memory now
You're losing your memory now
You're losing your memory You're losing your memory now
