

Window Blues

[Lykke Li](#)

I sleep with windows open
I sleep with eyes wide
In case you would come walking
In case you change your mindBut don't strain yourself for me
Don't break yourself for me
Don't lose your selfish ways for meI keep a leash around you
And I keep it nice and tight
In case you would go walking
Over forbidden linesBut don't go all soft on me
Don't come across for me
Don't lose your selfish ways over meUn, deux, trois
Quatre, cinq, six
A hundred times around
You keep on flocking out
You keep me wanting moreUn, deux, trois
Quatre, cinq, six
A hundred times is fine
For you I go all blind
Oh my, where is my mind?I keep my window open
I keep it open wide
So keep me, keep it open
Oh, keep me on your mind
