

High

Lari White

High

(Billy Maddox - Paul Thorn - Lari White) Love, righteous and real

A dream I could touch

A trust I could feel

I had it all and I threw it away

With some stupid move I wish I could take back today

Was I lost was I blind that I couldn't see

What losin' you would do to me. I must've been high

To let you walk away, to let you say goodbye

I must've been high

How could I let you go, darlin', I'll never know

I must've been high

Stoned out of my mind. Time has opened my eyes

These empty arms have made my heart wise

I'll never find a better lover and friend

I'm ashamed to admit what a fool I've been

And I know I've got no right to be

Begging you to come back to me

I can only plead insanity

Have mercy, baby, mercy.
