

Leaving You With This

Emil Bulls

Deep inside I don`t feel alright

It burns like fire

It`s twined around by barb wire

It pricks it bites

You`ll need a life to cut it out of my mine

I`m too shy I`m too dumb unable to talk about the things that are hurting me

It`s so sad I can`t turn my inside out

It`s so sad so many things to share

It`s so sad maybe I can`t show my love

It`s so sad now I`m leaving you.... with this

Deep inside I hide a secret
