Exterminate (vs. Naidoo)

Snap!

Ooh ooh ooh ooh
Ooh ooh ooh wohCan you feel when the music starts to play
Rhythm of the music and my body starts to sway
You can feel when the music starts to groove
Rhythm of the music and my body starts to move
Exterminate!
Can you feel when the music starts to play
Rhythm of the music and my body starts to sway
You can feel when the music starts to groove
Rhythm of the music and my body starts to move
Exterminate!
Exterminate
Exterminate!
Exterminate
Exterminate!
You'll be surprised with what you might find
You'll be surprised with what you might find
You'll be surprised with what you might find
You'll be surprised with what you might find
You'll be surprised with what you might find
You'll be surprised
You'll be surprised with what you might find
You'll be surprised
Can you feel when the music starts to play
Rhythm of the music and my body starts to sway
You can feel when the music starts to groove
Rhythm of the music and my body starts to move
Exterminate!
Exterminate
Exterminate
