

Cyanide

Doug Locke

VERSE 1:

Why does this always happen to me?

Over and over again this misery

If I don't want what's best for me

What can I expect to see?

Feel like my own enemy

Lost in insecurity

Loving you has killed my pride

This is just a suicide

Cyanide (Yeah)

Time for me and you to die

What we had was all a lie...CHORUS:

Your love is like Cyanide

I overdose every night

Addicted to the rush

Called your bluff, Had enough

Now I'm leaving it all behindPOST CHORUS:

Your love is like

Cyanide, cyanide, cyanide

Your love is like

Cyanide, cyanide, cyanideVERSE 2:

I've tried to erase your face from my memory (Yeah, Whoo)

Spirits from the past won't let me be (Won't let me be)

Trying to find a cure for me

In this glass of Hennessy

More than just the man you see

Slip into insanity

Time for me and you to die

What we had was all a lie

(All a lie, all a lie...)CHORUS:

Your love is like Cyanide

I overdose every night

Addicted to the rush

Called your bluff, had enough

Now I'm leaving it all behindYour love is like Cyanide (I can't take this)

I overdose every night (I don't want you back no more)

Addicted to the rush

Called your bluff, Had enough

Now I'm leaving it all behind (I'm leaving it all behind)

Your love is like cyanide...BRIDGE:

I'm in love with you

But you never knew

So you'll never know

What I go through

(What i go through)I'm in love with you

But you never knew

So you'll never know

What I go through

(What I go through)Cyanide

Cyanide

Cyanide...CHORUS:

(Your love is like) Cyanide

I overdose every night (I overdose every night)

Addicted to the rush

Called your bluff, had enough

Now I'm leaving it all behind (I'm leaving it all behind)Your love is like Cyanide (I can't take this)

I overdose every night (I don't want you back no more)

Addicted to the rush

Called your bluff, Had enough

Now I'm leaving it all behind

(Oh)Your Love Is like Cyanide...(Guitar Solo)Hey, Yeah... HuhPOST CHORUS:

Your love is like

Cyanide, cyanide, cyanide

Your love is like

Cyanide, cyanide, cyanideYour love is like

Cyanide, cyanide, cyanide

Your love is like
