

# The End

## Simple Plan

I've been trying tell you something but you never understand  
I feel like we've been going around in circles  
You look at me like I've become a stranger on the street  
A skeleton that's hiding in your closet I see you next to me but still you feel so far away  
Where did we go wrong?  
(Where did we go wrong?)  
I guess this is a part where you look at me and say goodbye Don't, don't let me go, it's not the end, whoa  
Girl, you know it's not so bad  
It's not the end, whoa, you know it's not the end I've been around the world and I have seen so many things  
I can even tell you where I'm going  
But no matter where I'm heading and no matter what I do  
Something keeps me coming back to you I see you next to me but still you feel so far away  
Where did we go wrong?  
(Where did we go wrong?)  
I guess this is a part where you look at me and say goodbye Don't, don't let me go, it's not the end, whoa  
Girl, you know it's not so bad  
It's not the end, whoa, you know it's not the end Don't, don't let me go, it's not the end, whoa  
Girl, you know it's not so bad  
It's not the end, whoa, you know it's not the end What can I do when you're gone when it feels so wrong?  
What can I say to make you wanna stay?  
So what can I do, don't leave me this way 'cause it feels so wrong  
Stop all these games 'cause I just can't say goodbye Don't, don't let me go, it's not the end, whoa  
Girl, you know it's not so bad  
It's not the end, whoa, you know it's not the end Don't, don't let me go, it's not the end, whoa  
Girl, you know it's not so bad  
It's not the end, whoa, you know it's not the end
