Freedom

Yx Worship

Freedom forever
Your name is greater
Your grace has saved me
Your love amending

And I will walk in freedom
He has set us free
He mends the broken hearted
Together we will sing -x2

Through the blood , a new name
No more chains , I'm not ashamed
My debt is paid for
You died for us , you gave it all

And I will walk in freedom
He has set us free
He mends the broken hearted
Together we will sing -x4

Dance around you up all night
Sing to you with all my might
Write a song for you right now
Declare your goodness with a shout-x4

Freedom forever -x4
