

# Blackened Shrine

## This Ending

I bring death, i bring holocaust  
Jury, judge and executioner  
Falling into shadows, a season of neglect  
This is the dawn of the final revolutionEverlasting cries in distress, an ashen dream made fleshI will rise, i will  
dominate  
Hear the praise, from the waiting heard  
Raising up the shield, give up your own destiny  
Turn into drones, do nothing but what you're toldEverlasting cries in distress, an ashen dream made fleshAll i  
see is total darkness, worship at a Blackened Shrine  
Blessed be these mindless creatures, destruction of our kindBy the scars left in our hearts  
We are driven down this path  
Soon our destiny's aligned  
Contract in blood sealed and signedAll our screams, will soon come to end  
The heard is waiting, slowing down the pulse  
This our true calling, a monster to be fed  
We are the insect, waiting to be crushedEverlasting cries in distress, an ashen dream made flesh  
Soon the turmoil will commence, no sign of hope, no sign of senseAll i see is total darkness, worship at a  
Blackened Shrine  
Blessed be these mindless creatures, destruction of our kind  
I can see a new dawn rising, blacker than the blackest void  
All i see is total darkness, worship at a Blackened ShrineI see them chained to the Blackened Shrine
