

Bastards of a Lying Breed

Amon Amarth

Bastards of a lying breed
You've ruled us for too long
Truth to you are lies to me
And your right is so wrong
Moral preached by immoral fucks
All I feel is despise
Lie no more you fucking cunts
You tear me up inside Your sons die from your abuse
But you're giving us the blame
The easy path's the one you choose
That road will lead to pain
You're trying to control their mind
And strip them of free will
The way you force them to go blind
Will surely get them killed My mind is free and so is my soul
You can't put me in chains
I won't play the well-adjusted role
Or bow my head in shame
So throw your stones of guilt at me
Point your finger, curse my name
Your scapegoat I will never be
I won't take the blame Now we're on trial to serve your crime
And pay for your mistakes
There is no way we'll do the time
The chains of lies will break
Censorship can't stop our truth
We speak straight from the heart
There is nothing you can do
We'll tear your souls apart Censorship can't stop my truth
We speak straight from our hearts
There is nothing you can do
We'll tear your souls apart So see us rise, we're few but strong
We'll crack your fucking teeth
And feed you with your twisted tongue
Until you cannot breathe
The fury makes our eyes see red
It burns within our hearts
Soon you'll all be stone cold dead

We'll tear your souls apart
