Bitch

Ali

Now is you bout it or just talking if so then you'se a bitch
Got to get up and make it happen if not then you'se a bitch
Complaining and whining dirty you sounding like a bitch
If it look like, talk like it must be a bitchNow is you bout it or just talking if so then you'se a bitch
Got to get up and make it happen if not then you'se a bitch
Complaining and whining dirty you sounding like a bitch
If it look like, talk like it must be a bitchI came with Phil niggas with war wounds, true Olivers
I love Destiny but they ain't got nothin' on this survivin'
Fuck Christmas, fuck wishin' listen roaches just missin'
Hatin' school 'cause they dissin' sleeping in the kitchen
You need at least one parent on drugs to fill half our struggle
This ain't pain it's muscle stand up, Mase ain't a hustle
Lil' nigga I was gettin' wet young threat
Too much of a cat for a McDonald headsetMama havin' breakdowns, Keisha got cancer
Poor, no insurance, I'm thinking crime is the answer
I guess Dancer, Donald and Prancer and the Blizzard
Don't visit the place where life ain't so exquisite
Is it hardly working 'cause it ain't working hard
We hardly had a car now I got a car and a Harley
Reflecting on this smoking, bumpin' Bob Marley
Thinking damn life a bitch but I'm glad I ain't oneNow is you bout it or just talking if so then you'se a bitch
Got to get up and make it happen if not then you'se a bitch
Complaining and whining dirty you sounding like a bitch
If it look like, talk like it must be a bitchNow is you bout it or just talking if so then you'se a bitch
Got to get up and make it happen if not then you'se a bitch
Complaining and whining dirty you sounding like a bitch
If it look like, talk like it must be a bitchStand up on your own don't live off another nigga
Don't be like D-2 Dirty and straight eat off another nigga
Gonna ahead and do your thing without disrespecting the game
You a bitch and you know it pull up your skirt and let me show it
Spoiled brat bum took balls and bats from your type
Matter of fact you a bitch I took your bike
Complaining and whining I went from the buildings to shiningFifty city tours Velor minks and blue diamonds
Twenty-two's on wild bodies err night a party
Kickin' it with bitches wit' little waists and wide bodies
I know niggas with no future that still went to college
Now they lawyers and doctors mixing it in with street knowledge
Used to polish Adidas back when rap was only in Hollis
Stacey Adams and golf clubs your crew I demolish

Out the Impala sun roof yellin' ain't nobody hotter
You a bitch I got to explode you dirty, I got herNow is you bout it or just talking if so then you'se a bitch
Got to get up and make it happen if not then you'se a bitch
Complaining and whining dirty you sounding like a bitch
If it look like, talk like it must be a bitchNow is you bout it or just talking if so then you'se a bitch
Got to get up and make it happen if not then you'se a bitch
Complaining and whining dirty you sounding like a bitch
If it look like, talk like it must be a bitch
