

Not the Red Baron

[Tori Amos](#)

{What language?
No, Dutch}Not the Red Baron
Not Charlie Brown
Think I've got the message figured
Another pilot down
And are there devils with halos
In beautiful capes?
Taking them into the flames
Taking them into the flamesNot Judy G
Not Jean, Jean, Jean
With a hallowed heart
I see that screen go
Down in the flames
With every step
With every beautiful heel pointedHe says
"Not the Red Baron, I'm sure
Not Charlie's wonderful dog
Not anyone I really know
Just another pilot down
Maybe I'll just sing him a last little sound
Many there know some girls with red ribbons
The prettiest red ribbons"
