# I Don't Wanna See (You Again)

## [The Undertones](#)

I don't wanna see you again
I don't wanna see you again
You said you don't know how
It's too late nowI don't wanna see you again
I don't wanna see you again
You said you don't know how
It's too late nowI don't wanna see you again
I don't wanna see you again
You said you don't know how
You're such a stupid cow
