

The End

Reckless

1,2,3,4..oh oh..oh rightâ€™

All of the time,
Here on rewind,
But I just canâ€™t forget your love.
Youâ€™re not by my side,
Something ainâ€™t right,
Cause you were like my favorite drug.

Baby I know,that you and me,
Got something we canâ€™t leave behind.
Cause you and me,were meant to be,
I got this feeling deep inside.

Refren:

That I will never fall in love love love again,
There ainâ€™t no reason for us baby to pretend.(x2)
Said I will never fall in love love love again,
There ainâ€™t no reason for us baby to pretend.
That I will never fall in love love love again,
I never thought that baby this would be THE END!

Breaking inside, I cant deny,
That life feels so empty I canâ€™t lie.

As hard as I try,this thing I canâ€™t fight,
Just show me how can I make this right.

Baby I know,that you and me,
Got something we canâ€™t leave behind.
Cause you and me,were meant to be,
I got this feeling deep inside.

Refren:

That I will never fall in love love love again,
There ainâ€™t no reason for us baby to pretend.(x2)
Said I will never fall in love love love again,
There ainâ€™t no reason for us baby to pretend.
That I will never fall in love love love again,
There ainâ€™t no reason for us baby to pretend.

Said I will never fall in love love love again,
There ainâ€™t no reason for us baby to pretend.
Said I will never fall in love love love again,
I never tought that baby thÃ’s would be..THE END!
