

# Form Of Intellect

## Gang Starr

(dj premier cuts "intelligent but not yet equivalent" --> krs-one)

(guru)

Tell me, do you have a clue of what to do  
Can you groove to this smooth tune, you must presume  
It's important, for you to follow this creation  
And hey son, life is more than having fun  
So run and get some help with the problems that you face  
Take a taste of the bass put your perspective in place  
Get real, deep, so you can keep involved  
Revolve and solve, so you can make the calls  
Like a supervisor he who is wiser than the others  
Cause they need someone to advise them to discover  
Things that they don't know so the papers I will check  
Then they'll start to grow to this form of intellect

(dj premier cuts "individual with intellect" --> unknown)

(guru)

When the road is too steep, do you have the stamina  
First album took us two weeks, since then we have been plannin  
An exclusive attraction, produce it to your satisfaction  
Those of you lackin, we will put you back in your slime  
So you can think and get a grip of  
Yourself by yourself, and then you'll get a sip of  
A gift that's equipped with the script that shocks  
You can take a walk? on god?  
With your mouth wide open, hoping you can find a  
Way to display similar actions in a kind of mockery  
Cause you don't realize the cost to be

Creative genius please, I'm too clean to play  
Glance per chance, watch gangstarr perfect  
And dance your pants like champs, to this form of intellect  
(dj premier cuts "man with intellect" --> lord finesse)  
Valuable solutions, we invent here  
Break and remake the cupcakes to show we've been sent here  
To serve you, so swallow this and bite it  
And why bring, ignorance when we're inviting  
You to get advancement, while you're on the dance tip  
And don't you know the transcript will make you shake hips  
Or chill at will, and with skill, you'll learn some etiquette

Better get the subject or be last at the predicate  
And get a set, of headphones and speakers  
As lyrical lessons manifest, I will keep you  
Abrest of the best, in this rap mess  
Oversaturated market, full of wackness  
I'm gifted unlimited, rhymes universal  
The guru, nursing you with a verse spilled  
Don't choke, and don't turn blue in a frenzy  
Premier's severe, on the steel wheels he lends me  
Spontaneous cuts, but not mainly just that  
It's the scratching format, exact with maddening accuracy  
Craftily, on the side or in back of me  
Nastily, as if his name was dick dastardly  
Original so get it yo the gang gets respect  
The chain and the star is a symbol, of this form of intellect  
(dj premier cuts "intelligent but not yet equivalent" to the end)
