

# Shadowman

## Afro Celts

Any time tomorrow I will lie and say I'm fine  
I'll say yes when I mean no  
And any time tomorrow the sun will cease to shine  
There's a shadowman who told me so Any time tomorrow the rain will play a part  
Of a play I used to know  
Like no other used to know it all by heart  
But a shadowman inside has let it go Oh no, let go of my hand  
Oh no, not now, I'm down, my friend  
You came to me anew  
Or was it me who came to you, shadowman Any time tomorrow a part of me will die  
And a new one will be born  
Any time tomorrow I'll get sick of asking why  
Sick of all the darkness I have worn Any time tomorrow I will try to do what's right  
Making sense of all I can  
Any time tomorrow I'll pretend to see the light  
I just might, shadowman Oh, here's the sun again  
Isn't it appealing to recline  
Get blinded and to go into the light again Doesn't it make you sad  
To see so much love denied  
See nothing but a shadowman inside Oh, if you're coming down to rescue me  
Now would be perfect  
Please, if you're coming down to rescue me  
Now would be perfect
