Her Song

Last Heart Attack

You said that I'm too much for you
But we both know that it's all bulls**t.
I've never felt so happy with a girl, I think that you can see it!Now here, inside my home, inside my room, just breathing cigarettes' smoke
I'm Writing this letter to you, crying ink and hoping for you to returnIn my opinion there are no reason for this
You can't leave me if everything you said is trueWhen I say that I can't watch your eyes when you talk, I say all the truth!
I don't want you, if you don't want me
So please take one last kiss and keep it to youThese are the last words that I want to say, you've got no defects anyway
Maybe I'm not enough for you but you'll find out the way to moveNobody deserves oppression, Can you stop being an obsession?
I'm aware all of this is useless so it's too late to do anythingIn my opinion there are no reason for this
You can't leave me if everything you said is trueWhen I say that I can't watch your eyes when you talk, I say all the truth!
I don't want you, if you don't want me
So please take one last kiss and keep it to youWhy did you let me believe in a story with you?
why didn't you tell me you wanted to leave me?
I'd like to stay fallen asleep only to dream of your smile
