

Finally Free

Rend Collective

Your mercy rains from heaven
Like confetti at a wedding
And I am celebrating
In the down pour Your heart is wild with colour
Like a never-ending summer
You burn away the winter
Of my cold and weary heart My soul cries out holy holy
My heart is lost in your beauty
All hope is found in your mercy
You paid the price now I am
Finally free
Your grace oh god's the anchor
That's holding me forever
Come trouble or high water
I am steadfast You lift me when I'm sinking
Like the swell of mighty oceans
The power of redemption
It gives me wings to soar My soul cries out holy holy
My heart is lost in your beauty
All hope is found in your mercy
You paid the price now I am
Finally free Ooooooooooooooh
Ooooooooooooooh
Ooooooooooooooh
Ooooooooooooooh
We'll cast our crowns before him
Like the rusting leaves of autumn
Now every chain lies broken
And finally we're free My soul cries out holy holy
My heart is lost in your beauty
All hope is found in your mercy
You paid the price now I am
Finally free Ooooooooooooooh
Ooooooooooooooh
Ooooooooooooooh
Ooooooooooooooh
