

# Still Speedin' (Vato Gonzalez Radio Edit)

## Sway

Walk right, walk right in  
Walk right, walk right in  
Walk right in I was telling everybody up your speed  
That was a couple of years ago  
And now I'm revving up for deliverance  
Switching up gears, got a couple of years to go  
Super slow!  
Here we go! As soon as you hear that, go!  
Liverpool to Portsmouth, yeah That chorus got the crowd screaming  
Ooooh oh, ooooh oh!  
I got the people screaming  
Ooooh oh, ooooh oh! Click, click, here strap  
Seat belt Derek's back!  
Time to blow like dynamo  
No more disappearing act  
I know you miss me, I miss you too!  
Sometimes that's what a mist will do  
Like Taiwo I was cruising  
Now it's time to take my steering back  
One of the best to ever do, they say  
A testament to this game  
(They say!)  
And even in the wind I never blew it  
(They say!)  
I swayed but kept in my lane  
They call me fleetwood mac  
I'm a mac with a mac with a fleet  
Still getting royalties  
No spoiler but I spoil me! I got the crowd screaming  
Ooooh oh, ooooh oh!  
I got the people screaming  
Ooooh oh, ooooh oh!  
Make some noise!  
Still speeding! I got the world screaming K.A.'s back!  
Yeah, it's official, trumpets, please!  
No kicks, but this is the rizzle  
Slick rick bitch  
The rule's here for shizzle  
K.A. and Sway

Game over!  
Blow the whistle!  
Music you got as shoe's fit too  
Paint these pictures so visual  
MC's wanna come spit too  
And girls wanna go shake hips too!  
I'm still speeding  
You don't wanna meet me at the light  
Rear view mirror, ain't a thing in sight  
They try to give me a ticket  
But I ripped it like a raffle  
Tell them people why I am Mr. Derek Safo  
I'm still speeding!  
Pedal to the metal on a level I ain't gonna settle  
For anything less than gold I ain't gonna meddle around about  
And up down and trying to build since I was like a kid  
But never had the Lego  
Running through the fields and the medals of Ally Pali  
And now I'm a hill, Geppetto was able to make boy  
I can definitely make a real hard boy as steel!  
I ain't gonna stop until I do a couple of millions  
I gave them my demo, now it's time to deal again!  
I'm back up on the bill again  
I'm fresh from the bank  
Bob's your uncle!  
Mines uncle Phil again  
Because I've got the will and the potential  
And I got the credentials  
All of the essentials when it gets stressful  
My beep rises but I'm never gonna stop  
Unless I need to get petrol!  
Still speedin'!
