Bad Boys (like To Rock 'n' Roll)

Saxon

Step right up and ring the bell
This carousel's going straight to hell (straight to hell)
When the metal's hot and the music's loud
And your head is spinning round and round (round and round)
Bad boys like to rock 'n' roll
I said Bad boys like to rock 'n' roll
(they like to rock 'n' roll)
Hold on tight, don't let go
If you want to rock, just let me know (just let me know)
Tonight's the night, we're back in town
We're all cranked up and ready to go (ready to go)

Bad boys like to rock 'n' roll
I said Bad boys like to rock 'n' roll
We'll suck you in and spin you round
We can turn your power on (power on)
Can't stop now, just feel the rush
Just give me more, can't get enough (can't get enough)
Bad boys like to rock 'n' roll
I said Bad boys like to rock 'n' roll, don't you know
Bad boys like to rock 'n' roll
I said Bad boys like to rock
Bad boys like to roll
Bad boys like to rock 'n' roll
