

# Nanita

Rose Moore

Lay your head to rest  
You have done your best  
There's no need to fear  
You are on your way  
To a brighter day  
All your skies are clearNanita, na na Nanita  
We'll find a way  
So trust in me  
The soul of you, so pure and true  
Nanita, I'll be there for youThe road is very long  
There's no right or wrong  
So just sing your song  
You are on your way  
To a brighter day  
You will be the one
