

Hardening of the Arteries

Slayer

Advisory - the following lyrics contain explicit language:

Fear runs wild in the veins of the world
The hate turns the skies jet black
Death is assured in future plans
Why live if there's nothing there Specters of doom await the moment
The mallet is sure and precise
Cover the crypts of all mankind
With cloven hove begone Sadistic minds, delay the death
Of twisted life, malicious world Crippled youth try in dismay
To sabotage the carcass earth
All new life must perish below
Existence now is futile Decrepit breath, vile in its stench
A world in decay, transgressor is as one Sadistic minds, delay the death
Of twisted life, malicious world Convulsions take the world in hand
Paralysis destroys
Nobody's out there to save us
Brutal seizure now we die Sadistic minds, delay the death
Of twisted life, malicious world
