

# Big Boy

## Incorporated Elements

Is it a physical reaction  
A final loss of satisfaction?  
You never noticed  
When you crossed the line, yeah  
You had me just there where you wanted  
You took my charity for granted  
You blew your second chance  
Too many times, yeah  
Baby, you're a big boy, don't cry for me  
I'm sick of being your toy, can't play with me  
You've been putting me up  
You've been letting me down  
There's nothing left to destroy for you, big boy  
Never did anything to reach me  
But when I ask you to unleash me  
You tied me up and choked me even more  
What for, yeah  
Here is your chain  
I guess you find the door, once more  
Baby, you're a big boy, don't cry for me  
I'm sick of being your toy, can't play with me  
You've been putting me up  
You've been letting me down  
There's nothing left to destroy for you, big boy  
Remember how you brought me flowers  
Remember how you used to care  
Now the flowers got thorns  
Now you just care for yourself  
And the paradise you gave me  
Turned into to hell  
There is no turning back  
As a matter of fact, it's too late  
There's no way to stop me  
There's no way to lock me up  
You can't stop me  
Baby, you're a big boy, don't cry for me  
I'm sick of being your toy, can't play with me  
You've been putting me up  
You've been letting me down  
There's nothing left to destroy for you, big boy  
Baby, you're a big boy, don't cry for me  
I'm sick of being your toy, can't play with me  
You've been putting me up  
You've been letting me down  
There's nothing left to destroy for you, big boy
