

# Brave Shine (feat. Miku-tan)

[Dima Lancaster](#)

## Verse 1

At the bottom of this restless dream  
I've been lying for eternity, and  
the wish in my left hand has faded.  
I still linger in this desperate world  
On endless rains and dying hopes and  
In my right hand, there's a memory  
as empty as my soul

## Bridge

But when my strength is failing  
put your faith in me.  
Again I'll stand up for the things  
you and I hold dear  
Once again our hope entwined  
as I put my life on the line

## Chorus

Brave shine,  
When I reach my hand it might save your life  
On the night that left me scars you saved my life  
At the tip of the blade you hold on tight  
I see the hope you've sworn in me  
to never let me go til the end of time  
Your Brave shine

## Verse 2

In this nebula it's you and me  
embraced by the blue, undying gleam of  
the sun-stars that we have lit up  
And again our blazing hearts collide  
As I watch the uneasy nights slip by  
and forgotten child was led astray  
and searched for distant light

## Bridge

When fear is taking over and our feelings defeated  
Your voice will give me strength, restore my faith in everything  
SO just take me by the hand  
We will fight until the end

Chorus

Break down  
When the sky collapses we will stand as one  
On this saddest night you are my  
breaking dawn  
There's a promise we made to each other  
A beautiful, undying dream  
Let's keep it deep within  
forevermore

Bridge

All the little things we cherished,  
they will never fade away  
Now I know what means the most  
So we'll seize a brand new day  
And light up another dawn

Chorus

Brave shine  
When I reach my hand it might  
save your life  
On the night that left me scars  
you saved my life  
Now my tears are dried and I see clearly  
To see the oath I swore to you  
To always pull you through  
Til the end of time  
My Brave shine
