

# An Angel Stepped Down (And Slowly Looked Around)

Jane Siberry

Come on baby come on give me  
Come give your love to me again  
And send me across the water  
An angel stepped down  
Touched lightly to the ground  
An angel  
Is there something that you haven't said?  
Me and my friend  
We stared at her soul Come on baby come on give me  
Someone help me someone help me  
Someone help me someone help me  
An angel  
I'm holding you Come give your love to me again  
And send me across the water An angel stepped down  
And slowly looked around  
An angel  
Is there something that you haven't said?  
We stared at her soul I believe i believe that love i believe  
That love is the only thing  
The only thing that can heal us all  
Is equal to the love you make  
The love you make  
The love you take  
The love you make  
And so we give and give and give again An angel stepped down  
Touched lightly to the ground  
Come on baby come on give me  
Someone help us someone help us  
An angel  
We're holding you Come give your love to us again  
And send us across the water  
I believe that love is the only thing  
That can heal us all An angel  
Is no one asking for this dance?  
Were you not asking for this chance?  
Come on i can't  
Come on! i I cant'  
Come on  
Come on

Come give your love again again
