Take Me Home

Red Circle Underground

What you've done before is what you'll do again
Dead tired of tearing all these grins
Sundried and wasted all the day
Don't question, it's just what you say

Hole of a head, it wears you down
Could have tried with everything your way
Hole of a head, wher've ya gone,
Oh, I'm desperate just for a taste

So, who's takin' me home tonight
So, who's takin' me in
So, who's takin' me home tonight
So, who's takin' me in

Beat on your skin to make it hurt
Last time you ever spent your worth
Hole of a head, where've ya been
I'm desperate, just want you in

So, who's takin' me home tonight
So, who's takin' me in
So, who's takin' me home tonight
So, who's takin' me in
