

Need Some Love

[Rush](#)

I'm runnin' here, I'm runnin' there
I'm lookin' for a girl
'Cause there's nothin' I need, there's nothin' I want more
In the whole wide world Well, I need it quick and I need it now
Before I start to fade away
That's why I'm searchin', that's why I'm lookin'
Each and every day Ooh, I need some love
I said, I need some love
Ooh yes, I need some love
This feelin' I can't rise above, yeah yeah Well, I've been hustlin' here, I've been hustlin' there
I've been searchin' for about a week
And I started feelin' this strange sensation
My knees are startin' gettin' weak Well, I need what keeps a young man alive
I'm sayin' I need it now
I'm gonna get my message across to you
Someway and somehow Ooh, I need some love
I said, I need some love
Ooh yes, I need some love
This feelin' I can't rise above, ooh yeah yeah Ooh, I need some love
I said, I need some love
Ooh yes, I need some love
This feelin' I can't rise above, ooh yeah yeah yeah
