

Turtleneck & Chain

The Lonely Island

[Chorus]

Turtle neck n' chain (x3) (sippin' on a light beer)

Turtle neck n' chain (x3) (sippin' on a light beer)

Turtle neck n' chain (x3) (sippin' on a light beer)

[The Lonely Island]

My turtleneck fat and my chain so thin,

N' I'm sippin' light beer, n my crew right here

Chain razor thin light beer in my cup,

And my sweater on turtle with the neck on puff

Huge turtle neck and my chain so skinny

Beer light all night, stand up get dizzy

Light cup, beer drink, thin so chain, neck turtle fat, man I won't say it again

[Chorus]

Turtle neck n' chain (x3) (sippin' on a light beer)

Turtle neck (check) with another on deck

In case I spill something on it (Like some light beer?), yes!

We be braggin' bout who's chain be the thinnest

Turtle neck thicker than Delta Burke swimmin' in a Guinness (Now bear witness)

But, but they can't see my chain,

Metal so thin it dissolves when it rains

Got more chains than the snow patrol

Everyone razor thin like an insect stripper pole

[Chorus]

Turtle neck n' chain (x3) (sippin' on a light beer)

Chain so light when a breeze roll by, I made it float (I made it float)

And my beer so light you could see right through it, like a ghost

And I also wear turtleneck--

Sweaters swallowing my chain like it's stuck in the couch

Looking like cookie monster flossin' his mouth

Find me coolin' on the corner sippn' light beer foam

You can tell by my turtle neck and chain that I bone

Tur-tle-neck, light beer n' a thin ass chain, n' that's it (x2)

[Snoop Dogg]

The rabbit kicked the bucket, dog said f**k it,

Get my 2 step on, with my turtle neck on

Thin ass chain, light beer in my glass

Smackin at the bitches, the ones with the ass

Girl you know it's true, tell me what it do

Oh you like my style, say you like my crew
Say you wanna' be under my chest, this turtle neck is like one of my best (x2)
So I guess yo' dress, no stress, stayin' fresh is my vendetta
I'm a crook, so my look, I'm a game go getta
The fatter, the puffier, the fluffier, the bigger the turtleneck,
The more gangster it is
[Chorus]
Turtle neck n' chain (x3) (sippin' on a light beer)
Turtle neck n' chain (x3) (sippin' on a light beer)
