

Basis of Love

The Purple Halls

Basis of Love

Itâ€™s just the way we know it, you could say that itâ€™s engrained
Yeah, we must work to prove ourselves for everything we gain
And though I donâ€™t deserve it Jesus went against the grain
When he never asked a thing of me before offering His grace
Giving me what Iâ€™m not worthy ofâ€”on the basis of love

Chorus:

On the basis of love God gave His son
on the basis of love life has been won
Saved and forgiven, finished and done and
weâ€™ll live for Him on the basis of love

We work and give, we go to church, righteous in our eyes
thinking that weâ€™ll measure upâ€”believe our own lies
But still the need to offer exchanges for His grace
but who has given the gift to Him that he might be repaid
When His blood shed on the cross it fell on us â€”on the basis of love
