

# Merry Christmas to Me

[Alan Jackson](#)

Today I took some paper from the closet  
And wrapped the wedding ring  
You left behind  
And I addressed it to the man  
Who vowed to love you  
And on the little card  
I wrote these words inside[Chorus]  
Merry Christmas to me  
Just one gift beneath my tree  
For the fool who let you leave  
Merry Christmas to me Then I sat down in my chair  
And thought about you  
About the many reasons why you're gone  
And I opened up the present that I gave me  
And realized how much it hurts to be alone[Chorus]
