

What We Become

Kisschasy

This night is perfect
Take out your blades, get out your guns
We'll drink our poison
Then wait and see what we becomeHey boys, grab a girl
Let's move until the stars are gone
Step to the rhythm
Let's give it all we've gotWoah, oh, c'mon get up
Woah, oh, get out your guns
Whoa, oh, it's all we've got
Woah, ohThis night is perfect
Take out your blades, get out your guns
We'll drink our poison
Then wait and see what we becomeHey boys, grab a girl
Let's move until the stars are gone
Step to the rhythm
Let's give it all we've gotWoah, oh, c'mon get up
Woah, oh, get out your guns
Whoa, oh, it's all we've got
Woah, ohThe stars are gone
Woah, oh, come on get up
Woah, oh, get out your guns
Woah, oh, it's all we've got
Woah, oh
