

# Higgs Boson Blues

## Nick Cave & The Bad Seeds

Can't remember anything at all  
Flamed trees lie in the streets  
Can't remember anything at all  
But I'm driving my car down to Geneva  
I've been sitting in my basement patio  
Aye, it was hot  
Up above, girls walk past, roses all in bloom  
Have you ever heard about the Higgs Boson blues  
I'm goin' down to Geneva baby, gonna teach it to you  
Who cares, who cares what the future brings?  
Black road long and I drove and drove  
Came upon a crossroad  
The night was hot and black  
I see Robert Johnson,  
With a ten dollar guitar strapped to his back,  
Lookin' for a tune  
Well here comes Lucifer,  
With his cannon law,  
And a hundred black babies runnin' from his genocidal Joe  
He got the real killer groove  
Robert Johnson and the devil man  
Don't know who's gonna rip off who  
Driving my car, flame trees on fire  
Sitting and singin' the Higgs Boson blues,  
I'm tired, I'm lookin' for a spot to drop  
All the clocks have stopped in Memphis now  
  
And in the rain motel it's hot, it's hot,  
That's why they call it the Hot Spot  
I take a room with a view  
Hear a man preaching in a language that's completely new, yeah  
Making the hot cocks in the flop house bleed  
While the cleaning ladies sob into their mops  
And the bell ho-hops and bops  
A shot rings out to a spiritual groove  
Everybody bleeding, to the Higgs Boson blues  
And if I die now  
Bury me in my favorite yellow patent leather shoes  
With a mummified cat, and a [c\_\_\_\_\_] hat

That the Caliphate forced on the Jews  
Can you feel my heartbeat, can you feel my heartbeat  
Hannah Montana, does the African savannah, as the simulated rainy season begins  
She curses the cue with the Zulu  
And moves onto Amazonia, cries with the dolphins  
Mama ate the pygmy, the pygmy ate the monkey,  
The monkey has a gift that keeps sending back to you  
Look, here comes the missionary, with his smallpox and flu  
He's saving them savages, with his Higgs Boson blues  
I'm driving my car down to Geneva  
I'm driving my car down to Geneva  
Aw, let the damn day break  
Rainy days always make me sad  
Miley Cyrus floats in a swimming pool in Taluka Lake  
And you're the best girl I ever had  
Can't remember anything at all
