In Fear and Faith (Linden House Demo)

Circa Survive

can we last through the winter
the water's starting to freeze
the only one who remembers
taking the wrong step falling in front of me
this body's already aging
these nights are already long
and if I last through the winter I swear to you now, I wont callcongratulations, go home nowwill we last through the winter
will we make it to see
I never wanted a partner
and I never loved you
now you are free to leave
this heart is already frozen
I can't remember the fall
and if I last through the winter
I swear to you now, I won't callcongratulations, go home nowit's too late it's too late
they won't let go
follow five foot steps through that open door, open door
it's too late its too late
they won't let go
follow five foot steps through that open door, open doorit must be buried under the heart
that makes this pace consistant
you'll find it torn, thats gates been open
and I've been wondering, if you'd been real with usit's too late...it's too late it's too late
they won't let go
follow five foot steps through that open door, open door
it's too late its too late
they won't let go
follow five foot steps through that open door, open doorits that start stop and go
you've been dying for, you've been dying for
