

Seven-Eleven

Mindless Self Indulgence

Girls from seven-eleven
Stay up all night
Twenty four hours a dayI said
Girls from seven-eleven
Stay up all night
Seven whole days a weekI said
Girls from seven-eleven
Stay up all night
And I could get a discountShe may not be good looking
She may not be good
No, no, noShe might not get down
But it's possible
She stays up all night
