

Amazing (feat. Stefanie LeBarre)

2sc

(Verse 1)

I'll build you up

No I won't break you down

Getting tired

Don't worry just hold out.(Chorus)

Walk through the fire I'll be right next to you

Standing strong battlefield bulletproof

My sweet love are you listening

Don't close the door

You'll be missing out on something amazing

You'll be missing out on something amazing You can try to replace me

But you'll be missing out on something amazing(Verse 2)

I'll be your rock

Hideout you're safe now

Love me

Trust me I'll show you how

Oh Oh(Chorus)

Walk through the fire I'll be right next to you

Standing strong battlefield bulletproof

My sweet love are you listening

Don't close the door

You'll be missing out on something amazing (X5) You can try to replace me

You'll be missing out on something amazing

Something amazing(Bridge)

Through the fire

I'll be next to you standing strong

Now I'm bullet proof

My sweet I'm listening won't close the door

This is something amazing

This is something amazing Oh oh oh oh oh oh oh oh (x3)

This is something amazing

Oh oh oh oh oh oh oh oh (x3) God You're something amazing
