

Breakin' Hearts

Violent Femmes

See that girl
She put me in a whirl
She's got a way of breakin' hearts
Man o man
I wonder if I can
She's got a way of breaking hearts
Seems like she is always
Workin' on the sly
Then she tells her poor man
Good bye
Holy smoke
I wonder if there's hope
She's got a way of breakin' hearts
I will not tarry
I'm askin' her to marry me
Even though she's got a way of
Breakin' hearts
