Goodnight And Go

Imogen Heap

Say goodnight and goSkipping beats, blushing cheeks, I am struggling
Daydreaming, bed scenes in the corner cafe
And then I'm left in bits, recovering tectonic tremblings
You get me every timeWhy do you have to be so cute?
It's impossible to ignore you
Well, must you make me laugh so much?
It's bad enough we get along so well
Say goodnight and goFollow you home, you've got your headphones on
And you're dancing
Got lucky, beautiful shot, you're taking everything off
Watch the curtains wide openAnd you fall in the same routine
Flicking through the TV relaxed and reclining
And you think you're aloneWhy do you have to be so cute?
It's impossible to ignore you
Must you make me laugh so much?
It's bad enough we get along so well
Say goodnight and goOne of these days, you'll miss your train
And come stay with me
(It's always say goodnight and go)
We'll have drinks and talk about things
And any excuse to stay awake with youYou'll sleep here, I'd sleep there
But then the heating may be down again
At my convenience
We'd be good, we'd be great togetherWhy do you have to be so cute?
It's impossible to ignore you
Must you make me laugh so much?
It's bad enough we get along so well
Say goodnight and goWhy's it always, always goodnight and go?
Darling, not again, goodnight and go
